

Iain checks in for award

MARKINCH Primary pupil Iain Ross has been making all the right moves to scoop an award.

Iain received the coveted 'Player of the Year' prize after winning every single game played at the school club throughout the season.

The talented 11-year-old, who lives in the town, played 20 games and triumphed in each one.

The Markinch Primary Chess club, which runs from September to June, has now been running for a year and there are currently around a dozen members from primary three to seven classes.

It has been strongly supported by Fife Council's Out of School Hours Learning which has paid for equipment and coaching. Markinch Primary has also backed the club by paying the entry fees for competitions.
